

GARRISON

AT THE VAULTS

Step back through time as you descend deep into the depths of post-War Birmingham.

Out of sight a hidden staircase, safeguarded by the notorious Peaked Flat Caps, will lead you down to the back streets of the city until you reach the well-renowned *Garrison*: a pub recently under new management by order of the Beaky Plinders...

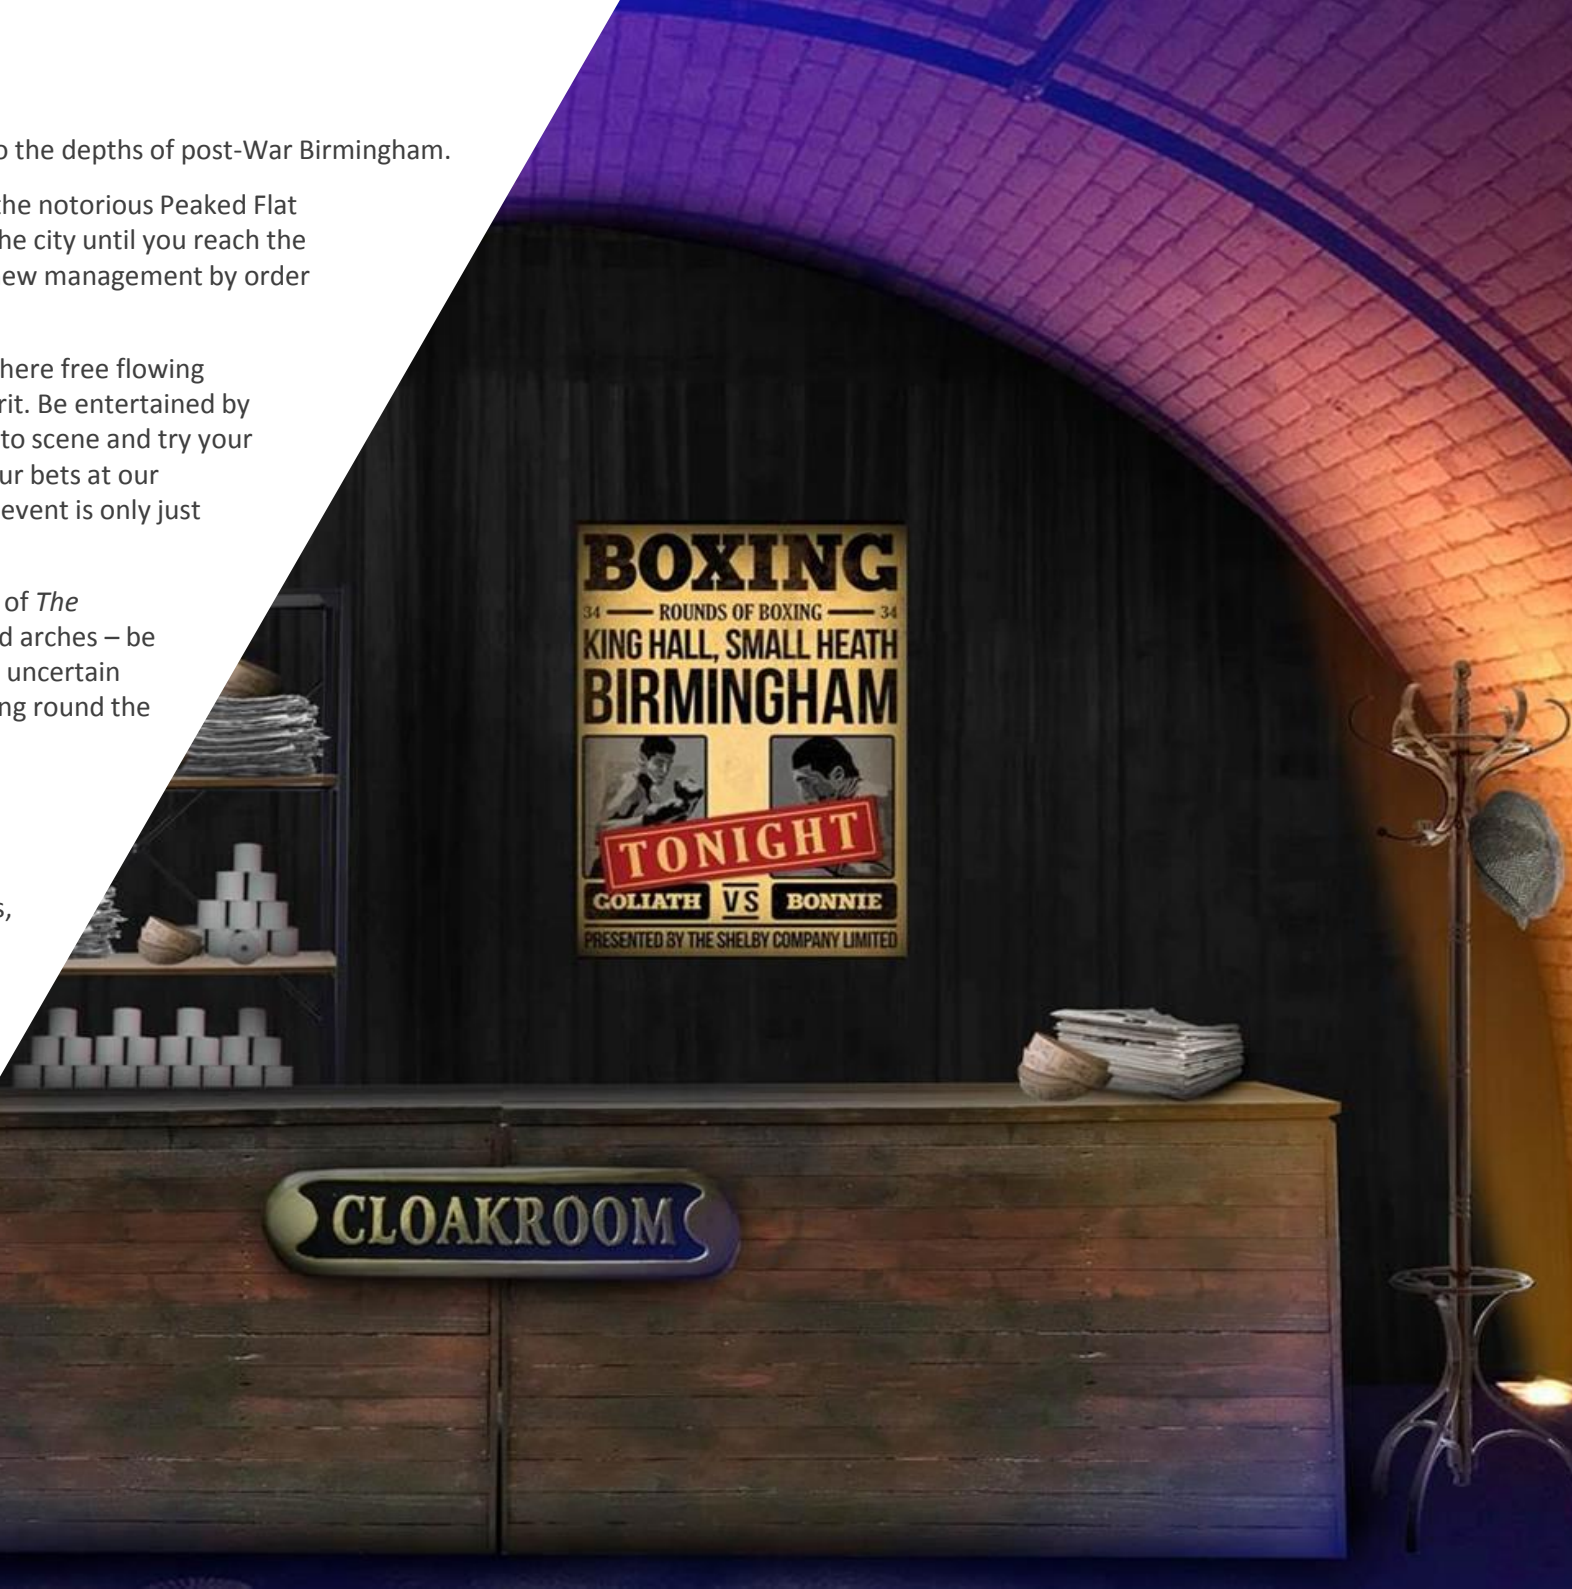

Don your flat cap and head straight to the bar where free flowing drinks will be sure to get you into the festive spirit. Be entertained by *The Garrison's* resident pianist, head to the photo scene and try your luck at a round of Blackjack before cashing in your bets at our scandalous gambling den. Tonight's honourable event is only just getting started.

Following your reception, leave the distant hum of *The Garrison* and make your way through the vaulted arches – be sure to keep your wits about you, after all this is uncertain territory and you never know what may be lurking round the misty corner...

Nestled between the arches your table awaits where you will feast upon a mouth-watering three-course meal prepared by our award-winning caterers, Create – accompanied, no less, by our all-inclusive drinks package.

Upon finishing dinner the sunken dancefloor will open and our underground betting bar will be there to serve you your bootleg booze as you dance the night away to our live band and for a night of festivities, frivolity and fun.

This is a respectable event... and you will behave accordingly!
